tion of maintaining control of the sewer system as Sewer Commissioners but do have ongoing negotiation with Fairhaven which concerns future possible expansion capacity at the Fairhaven treatment plant. The Selectmen feel that, since they have begun these talks, they would like to carry them to a conclusion and should have the authority as Sewer Commissioners to allow them to negotiate on behalf of the town. Since the Sewer Commissioners are elected, the Selectmen said that it will take a vote of the town at the annual election to change the make-up of that body. The Selectmen will look forward favorably to changing the role of Sewer Commissioners from the Board of Selectmen to the Water Commissioners on the next town ballot, they said, because they think it logical that they take full charge following conclusion of the Fairhaven negotiation.

COMMUTER PARKING

The Selectmen noted that the commuter parking lot on North Street is well underway and that they will be given authority to make specifications for landscaping screening which will be done by planting a double row of trees completely surrounding the lot.

FINAL PAYMENT

The Selectmen received an invoice for the 3rd and final payment in the amount of $72,150 of a total $309,214 as the Commonwealth share of the Mattapoisett Sewer Project. They signed the invoice and will forward it for payment.

ENDORSE COASTLINE ELDERLY

Selectmen voted to reaffirm support for the Coastline Elderly Services as the area service. This was a request from Joseph Rochette.

PACKAGE STORE BILL

Selectmen received a letter from Representative William Q. MacLean, Jr. that the request from the Selectmen concerning the granting of a license to the Village Package Store has been designated as House Bill #6432 and that it is presently before the Committee on Government Regulations and is not in print yet.

Project Excel

Old Rochester Regional High School is one of ten school systems which have worked in conjunction with Southeastern Massachusetts University to design a program for gifted and talented students who expect to graduate with the classes of 1982 and 1983.

Project Excel will start in September 1980 at S.M.U. The first semester program will consist of a series of twelve seminars based upon the process of concept development. The topics will include such diverse subjects as Darwin's theories of evolution, Galileo's perceptions of the universe, the development of moveable type, the 12-tone scale, abstract mathematics in the 19th Century and the concepts of the triadic ballet. Each seminar will be presented by a member of the S.M.U. faculty. The program which meets from 3:00 to 5:30 p.m. each Wednesday will start with a large group presentation followed by small group discussion and activity in which the students will amplify specific aspects of the session's topic.

The program each week will also provide an opportunity to socialize over light refreshments with equally capable students from other districts. The program will conclude with a sharing of the results of small group activities.

Old Rochester will be sending a total of five students to Project Excel. Students will be selected on the basis of interest and the probability of their being successful in the program.

Applications are available from any English teacher or the Guidance Department. Parents who would like their children involved in Project Excel should call Mr. Spalding, Director of Pupil Personnel Services, at Old Rochester - 758-3745. Applications must be returned to the Guidance Department no later than May 27, 1980.

July 2 at Tobey Hospital. Mrs. Sassone, who is trained by the American Society of Psychoprophylactics in Obstetrics, emphasizes that these prepared childbirth classes train the expectant parent in exercise, breathing, and relaxation to make labor and delivery a more comfortable and rewarding experience.

The classes will cover anatomy, physiology, labor, delivery, hospital procedures, and acquaint the expectant parents with the choices available at Tobey Hospital.

Special training is given to the labor partner as a coach and both parents participate in "floor work". A lending library and audiovisuals will be available.

Tobey Anniversary

TOBEY HOSPITAL'S EMERITUS STAFF REMEMBERS

Reminiscing about the early years of Tobey Hospital never fails to bring a smile to the faces of the four physicians on the Emeritus Staff. Those were the days when everyone pitched in and worked together, doing about everything. There were no worries about malpractice suits or regulatory agencies. One just performed to the best of his ability.

Dr. Raymond H. Baxter, Dr. Benjamin Tilden, Dr. Samuel Goldfarb, and Dr. James R. Lincoln recently recalled the 1940's when Tobey Hospital was a fledgling institution. Each physician was for the most part a general practitioner even though he may have had advanced training in another medical discipline.

DR. RAYMOND BAXTER OF MARION

Whether delivering babies, giving anesthesia, or tending a cardiac patient, a physician would undertake whatever was necessary for the patient's health, feeling accountable to the Hippocratic oath and his own conscience. Today, with hospitals and physicians hampered by government rules and regulations, and by a plethora of paper-

work, practicing medicine does not seem so much fun.

Dr. Benjamin Tilden told of developing x-rays in Tobey's early years. At that time there was a portable x-ray machine available during the night hours. This enabled the attending physician to take his own pictures if necessary, develop them on the spot, and get a better picture of the problem. Dr. Tilden also mentioned the time he delivered two breech births within five minutes. When asked how he managed to do this he casually commented, "Why I put on clean gloves between patients."

Dr. Goldfarb of Onset recalled his early days as hospital anesthesiologist, which was just another part of his practice. For the most part he used the open drop ether method. To increase his skills, he journeyed to the Faulkner Hospital in Boston regularly to study newer anesthetics.

Dr. James Lincoln, an orthopedic surgeon and general practitioner, also journeyed to

Boston on a regular basis for continuing education. Until recently, he attended Grand Rounds every Thursday at the Massachusetts General Hospital. He remembers how the staff in the operating room sterilized their own instruments in the '40s and how the patients were brought down to their own rooms after an operation. Tobey had no recovery room until the early 1950's.

Dr. Baxter from Marion claims he stayed out of the operating area because he was strictly a "medical" man. And yet, he knew enough about fractures from his work as Tabor Academy physician to publish an early article on "Sports Injuries".

Without fail, each physician credits the late Dr. Stillman for his help in founding Tobey Hospital and for his work as the first chief of staff. A very intelligent but unassuming person, Stillman was always willing to help his fellow man. Again and again, Tobey's elder statesmen recall the time the electricity was off causing the elevators to shut down. The delivery room was on the third floor and one of Dr. Stillman's patients was in labor. Without hesitation, the doctor carried the expectant mother in his arms up the stairs to the delivery room.

If there is one thing that underlines their complete dedication to the patient, it is the statement heard from each one of them, "I always made house calls".

SOLID COLOR STAINS — *Linseed Oil or Urethane Latex*
- Rich natural tones blend the color and grain of the wood but do not obscure the texture.
- Maximum hiding power in the water repellant finish.
- Cover previously stained surfaces.
- One coat for similar colors or two coats for contrasting colors.
- Deep color penetration — Helps avoid deterioration of wood.
- Mildew resistant and blister resistant on properly prepared surfaces.

SEMI-TRANSPARENT STAINS — *Linseed Oil or Urethane Latex*

- Colors that blend with natural settings and other finishes.
- Penetrating finish helps protect against deterioration of wood.
- Weather gracefully without chipping and peeling.
- Performs better than solid color stains on decks, rails and outdoor furniture.

SOFTBALL

In the girls' first game they met Westport. OR lost this game 7-3. Lori Carr was the losing pitcher, and Lillian Poitras and Doreen Grenier came in in relief. Getting hits for the girls were Hamer, Crowe, Pina, Beaulieu, and Hubbard, all getting one hit.

OR then beat Dartmouth by a score of 9-3. Doreen Grenier was the winning pitcher. Hubbard, Worden and Hamer all had two hits.

BOYS' TRACK

Recently the ORR boys' track team competed in the Dennis-Yarmouth Invitational track meet. OR finished second in the small school division and showed fine effort. In the freshman-sophomore division, Peter Busari placed fourth in the shot, Chris Reilly placed fourth in the triple jump, and Steve Boardman won the pole vault. In the junior-senior division Pat Barrett finished third in the high hurdles and won the high jump, and Chris Ingraham won the high hurdles.

The boys' track team then closed out their league season, in fine form, by defeating Bourne on their home track on Monday of this past week.

THAT BLASTED WEEPING WILLOW

IF YOU THOUGHT THAT RECENT THUNDERSTORM SOUNDED CLOSE, YOU WERE RIGHT. THE PHOTO ABOVE SHOWS A TREE IN THE REID'S YARD ON OAKLAND STREET THAT WAS EXPLODED FROM TOP TO BOTTOM. THIS OLD WEEPING WILLOW ENDED ITS DAYS AS A SPECTACULAR LIGHTNING ROD.

"TENNISIZE"

The outdoor tennis season is fast approaching and the New Bedford YMCA is ready for the 80's with an expanded tennis program. Besides the regular adult and junior lessons, we have a new program called "Tennisize". The program content is the same as the Adult Tennis program with the addition of exercises and nutritional guidance to enhance physical fitness and weight control. There is also a 20% discount for Senior Citizens.

Enjoy the unbeatable qualities of competition, excitement, sportsmanship, and fun in the cool breezes of the YMCA's ocean-view tennis courts, located at the Camp Massasoit property in Mattapoisett. This is now under an open enrollment, so you may join in at any time, granted there is an opening.

Courses consist of six one hour lessons with the exception of "Tennisize" which is an hour and a half. Registrations are taken at the "Y" Monday through Saturday. For further information please call Erika at 997-0734.

BOURNE BRIDGE OPENED MAY 20

The Bourne highway bridge over the Cape Cod Canal opened fully to two way traffic at close of business May 20. The Corps of Engineers announced that all four lanes of the bridge, which is undergoing major rehabilitation, will remain open until Labor Day.

"We appreciate the cooperation of the public in bearing with us while we make major repairs to the bridge to assure its continued safety," Colonel Max B. Scheider said. He heads the New England Division which maintains and operates the 17 mile long canal and the bridges which cross it.

When the Mona Lisa was stolen from the Louvre in Paris in 1911, six Americans paid $300,000 apiece for forgeries, convinced they had the original.
